Sir:

Pursuant to your discussion with Heidi Bryant on June 22, 2002, I am submitting a Request for Two-Month Extension that should have accompanied our Response to Restriction Requirement submitted via facsimile on June 21, 2002.

Because we did not submit the Request for Extension at that time, the USPTO inadvertently charged the fees associated with such extension to Deposit Account 02-2666 of Blakely, Sokoloff, Taylor & Zafman. Blakely et al. is no longer handling the prosecution of the above-referenced application and therefore should not have been charged. We are submitting \$400.00 to replace the fees that were charged and respectfully ask that you credit back Blakely et al.'s Deposit Account.

We are in the process of submitting the proper paperwork to change Power of Attorney to avoid this problem in the future.

Respectfully submitted,

7/16/02
